SHORT-TERM TEAMS TO UNREACHED PEOPLE GROUPS IN RESTRICTED-ACCESS NATIONS

TURKEY

- ▶ Choice of 3 locations (Black Sea, Central Turkey, or Mediterranean Coast)
- ▶ The Muslim call to prayer amplified five times a day will repeatedly remind you of your purpose. Whether walking in the city square, hiking on the mountain tops or strolling the beach, the primary goal of this team is to make a difference in this large unreached nation through strategic prayer/prayerwalking and relationship building.
- ▶ As you experience legendary Turkish hospitality, you will learn about Turkey's culture, history, and religion. You will be exposed to the

spiritual needs of a Muslim country, help encourage the long-term workers, make new friendships and have life exchanges with Turkish people.

- ▶ Your main purpose is to pray and learn, but there may be times to carefully and respectfully share your faith on a one-to-one basis. Walk through history while you help make it in this lost land of the Bible. Includes a short visit to Istanbul.

NORTH AFRICA

- ▶ Sahara Prayer Team
- ▶ A rare opportunity to enter a little known desert land in the Sahara, where nomads and camels roam the dunes, and where the entire national church is less than 200 people. A guided immersion into the culture and history of this land – along with specific opportunities to visit local people, meet students studying English, help with humanitarian aid projects, and prayerwalk

at strategic locations – allows you to impact this nation and help establish the kingdom of God.

- ▶ Includes a road-trip to the interior of the country and a short camel trek.

SOUTH ASIA

- ▶ English Team
- ▶ Together with one of your teammates you will teach English to Muslim college students of an Unreached People Group. The students have a basic knowledge of English and are a joy to teach: polite, motivated, intelligent, and eager to get to know you. In addition to teaching English, team members will receive orientation on Kingdom work in that nation, past and present, and will actually have a significant part in that work

through their teaching and interaction with the students. Prayer and prayerwalking will also play a significant role on the team. No prior teaching experience necessary.

- ▶ This field is only available for approved charter teams.
